'Find A Better Way'

Signature Care, 58 the Bishops Avenue

Overview:

Working with Wates – Adexsi have designed, supplied and installed an AdeSolar PV array to Signature Highgate.

The 26.46kWp arrays utilise 490w panels that are incorporated into a Green Roof using a Zinco ballasted mounting system.

Signature is a luxury facility offering residential, dementia and respite care.

Outcome:

The system will provide an efficient solar energy supply for many years to come.
